

Dana Point Condo Association
2013 Proposal

Exterior Ground Spray: \$1,700.00

(Same price as last year)

This is a once a season outside service throughout the perimeter of each building. We will spray 5 feet onto each building and 5 feet away from each building. We will use truck-mounted units with 250 lb. of pressurized, safe and effective products. This service is fully guaranteed for the season for clover mites, earwigs and boxelder bugs. This service will greatly reduce pillbugs, millipedes, centipedes, ants and spiders from migrating into your building.

This price is a total for all 5 buildings.

Price also includes our bee, wasp and hornet power spray for the club house. Free recalls.

Agreed _____

Date _____

3/16/13

It will be a privilege to continue providing this pest management service for your facility. You will find that the dollars you invest in good professional pest control, will be rewarded many times over in health and property protection.

Lisette, if you have any questions, please don't hesitate to call me at 847-255-8888.

Sincerely,

George S. Shahwan, II
