It was kind of you to clarify the notes did not come from Dana Point.

However people have the right to complain BUT I have had more than my share. The feral complaint came from Debbie, Carrie and Ella in 118c/ 1415 building. The ODOR complaint came from my neighbor Rochelle. She is a miserable person and hates me for reasons unknown. Enclosed is my response to the village. I dread coming home to Dana Point not knowing what will be in the mail this time. I have also had it with me constantly being in the spotlight because of Rochelle. Stop playing her games she needs help. I also see blatant violations daily but no one does anything. She is a trouble maker - she seems very nice but she is a sneaky bitch like Jodi Arias. Please no more letters unless its about my payments or some thing real. That Sue from the third floor also knows every one and stirs the pot with everyone's business. I do not need a response from THE BOARD since I do not feed on our property nor did I do anything illegal. The odor complaint is Rochelle's imagination. There is no odor or hoarding.

I hope I do not hear back.
