

## Electronic Communication Authorization Form

I, \_\_\_\_\_, the Owner of \_\_\_\_\_ E. Central Rd. Unit \_\_\_\_\_ in The Dana Point Condominium Association, request to receive all official, legal notice and other communications from the Dana Point Condominium Association electronically at the email address listed below:

\_\_\_\_\_.

Your signature below indicates that you agree to accept The Dana Point Condominium Association notices and information electronically, rather than hard copy; that it is your responsibility to inform the Association of any change in your email address within five (5) business days, if ever it should change.

If the Dana Point Condominium Association is unable to electronically transmit two (2) consecutive notices, and this inability becomes known to the Board of Directors or Manager, you are implicitly revoking your consent to received electronic notice. Your signature below indicates that you acknowledge that the inadvertent failure by the Association to reach you does not invalidate any meeting or other action.

The Association may send official communications via email addresses at the @LMSnet.com domain, but those emails may be sent "on behalf of" another email address. Such emails are sometimes caught by overaggressive spam filters. Your signature below indicates that you acknowledge that it is your responsibility to make sure that electronic communications sent to you from any email address will be received, and not intercepted by a spam filter.

This Agreement can be rescinded by written request at any time.
