

# **Attention Residents**

November 20, 2015

**Package deliveries are on the rise  
and so are package thefts.**

Residents are responsible for ensuring the safety and security of their packages and should not allow deliveries to be left outside of your unit door, mailroom, or in the outer lobby.

To ensure you receive your packages, it is recommended you require a signature with the package delivery. This way your package must be given to a live person and not left in a vulnerable location.

If you have any questions, please contact the office at 847-228-5176.
