**VIA FIRST CLASS MAIL & FACSIMILE**

***Dana Point Condo Association***  
**Attn: Janice**  
**1519 East Central**  
**Arlington Heights, Illinois 60005**

Re: Ground Spray proposal for **Dana Point Condo Association.**

Dear Janice,

**T**hank you again for your interest in Aerex Pest Control. Now pursuant to your request, we are pleased to submit our 2011 season proposal for ground spraying for your entire complex.

We will spray the grounds using power equipment and safe biodegradable chemicals. This barrier treatment will help prevent the ingress of crawling pests such as ***carpenter ants, spiders, earwigs, boxelder bugs and clovermites.***

All chemicals used are EPA Registered and chosen for their safety and effectiveness. The specific chemical we plan to use is Talstar P™, manufactured by FMC. We carry maximum property damage and personal liability insurance coverage.

To obtain effective coverage, our thorough spraying will probably cause some windows to become spotted with chemicals. This can readily be washed off, but you should be advised not to undertake window cleaning programs prior to our treatment.

Chicago (773) 545-7777 • North Shore (847) 446-1111 • Western Suburbs (630) 573-8888  
Far West Suburbs (630) 897-8300 • Northwest Suburbs (847) 255-8888 • South Suburbs (708) 873-1111

The charge for our pest management program is as follows. Again, if the price or service does not meet your needs or budgets, **DON'T GIVE UP ON US... We'll do everything we can to meet your needs and budgets. That's our promise to you.**

## **Exterior Ground Spray: \$1,700.00**

(Same price as last year)

This is a once a season outside service throughout the perimeter of each building. We will spray 5 feet onto each building and 5 feet away from each building. We will use truck-mounted units with 250 lb. of pressurized, safe and effective products. This service is fully guaranteed for the season for clover mites, earwigs and boxelder bugs. This service will greatly reduce pillbugs, millipedes, centipedes, ants and spiders from migrating into your building.

***This price is a total for all 5 buildings.***

***Price also includes our bee, wasp and hornet power spray for the club house. Free recalls.***

It will be a privilege to continue providing this pest management service for your facility. You will find that the dollars you invest in good professional pest control, will be rewarded many times over in health and property protection.

Janice, if you have any questions, please don't hesitate to call me at 847-255-8888.

Sincerely,

  
George S. Shahwan, II
