I will be happy to call. I do not have much information. An Arlington Heights Animal Control Officer called me last year to try and end the problem. I had not heard any results since then.

Thank you for the prompt reply.

I appreciate any information you can provide. We have a resident who is trying to establish a new feral cat colony and is claiming she has a permit for one in Mt. Prospect. We have been working with Sean Freres at the Village of Arlington Heights since residents have filed complaints about her feeding the feral cats on our side in Arlington Heights.

She uses a public works lot that borders our property to the South to feed the cats. Sean contacted someone in Public Works since it looked like they were also providing water and shelter to these feral cats. Public Works was going to clean the lot and close the fence line to prevent her from using your property. While they did come out and clean up, the fence line is still accessible. She daily slides food and milk under the fence to feed these cats from our property onto yours. I was informed that she and her sponsor, the feral feline project, were in contact with the village since they are trying to establish this colony. I wanted to verify if anyone has been in contact with you and if permission was given to use this lot to feed the new colony.

They are currently in the process of TNR for 4 feral cats in this lot from our side of the fence and registering with Cook County as required. However, our Board of Directors has not yet given their written approval to use our land for the care of this colony. I appreciate any information you can provide and would be happy to discuss this further with you.

Sincerely,

---

Mount Prospect does not have animal control; however I am the person responsible for enforcement of the Animal Code and feral cat problems, and I have not given anyone permission to have a feral cat colony on Mount Prospect land. Should you have any questions please respond or call.

Sincerely,

Bob Roels

**Subject:** Animal Control Warden

Good Afternoon,

I would like to get in touch with an animal control warden for Mt. Prospect. We have a resident who is claiming to have the approval from the Village of Mt. Prospect to run a feral cat colony on Mt. Prospect land in a Public Works lot that borders Arlington Heights and Dana Point Condominiums. I am the Property Manager and would like to validate the information being provided regarding this matter. I would appreciate your reply.

Sincerely,

---
